3 REASONS FOR CHOOSING OUR YORKSTONE PAVING

When choosing a supplier for yorkstone paving, be it for a large commercial project or for a private residence making sure you can rely on the supplier and their stone and also have a personal account manager who offers the levels of customer service levels we do are just some reasons to choose yorkstone paving supplies for your paving products however here are our top three reasons...

1

DELIVERED DIRECT FROM THE MASON

The paving stones and all of the bespoke stone we supply is delivered direct to site from the masons yard. We first ensure the stone has been quality checked for consistency and required size and wrap all pallets to protect them during the journey to your site address. All deliveries are time scheduled and delivered on tail lift with a pallet pump truck unless a specialist transport vehicle is required (Moffatt or Hiab crane off loads will incur additional fee's.)

2

WE'RE ALWAYS AVAILABLE TO SPEAK TO

We also offer a personal touch with all of our clients sales enquiries, when you buy with yorkstone paving supplies you will only ever deal with one person from the start of your enquiry right through to the final delivery of your product to site. Your business to us really matters and that's why we're always here for you to speak with during the working day.

3

A TRUE YORKSHIRE STONE

The stone we quarry comes from from the hills and quarries that are situated in the Tabor region of Bradford in West Yorkshire. Known for its hard wearing durability and overall desirability and it also has one of the tightest graining of stones making this easy to work with with less chipping which you find with alternative softer sandstone paving products. Remember, yorkstone only ever comes from Yorkshire

BESPOKE STONE FINISHED BY OUR TIME SERVED MASONS

We also provide the very best in bespoke crafted yorkstone and granite steps. We also offer a cut to design (PDF) service for bespoke items such as pool copings and circular courtyard and garden patio areas.. Finishes applied can be shot blast for a tactile non slip finish, flamed for a bubbled top surface, needle gunned for a high density non slip alternative to shot blast. Bull-nosed or pencil edged finished for a smooth non sharp edged finish.

DELIVERED DIRECT TO SITE.

OUR PAVING IS DELIVERED DIRECT FROM THE MASONS DEPOT USING OUR TIMED TRACKED NATIONAL DELIVERY SERVICE.

When it comes to your delivery its clear to us that your overall preparations will have obvious costly additions to your project should your yorkstone not arrive on time with such things as lost time, addition labour costs etc.

At Yorkstone paving supplies our quarried paving is delivered direct to your location / site address by specialist HGV using either palletted tail lifts or hiab cranes. All of our deliveries are time scheduled and are tracked using Pallet track, the UK's leading network distributor . Our deliveries can be made on any working day (inc Saturday), between 9 am - 5 pm (1 pm on Saturday). Due to the

delivery of stone being an incredibly specialised and dangerous job we only employ the nations best specialist HGV couriers. We will only ever ship your stone products to site using network pallets to allow for a safe and easy offload and an easy distribution to the actual location of the job,

It is important to note that we will not put weight on any one pallet than the delivery pallet can withstand itself therefore your pallet weight will not exceed 1 metric ton which is approximately 6 - 8 M2. of 40 -75 mm paving slabs which will be protected and wrapped on all sides....

FREQUENTLY ASKED QUESTIONS.

What stone dimensions can be supplied?

We can cut to size for all bespoke clients however we also have a large stock of 300 mm & 450 mm wide coursed pavers at random lengths for immediate dispatch.

Is there a minimum order amount?

The majority of our clients are corporate based and order large amounts of paving however we do have a minimum order of 5 M2 on any individual order processed.

Can we receive samples prior to ordering?

We are happy to provide samples of stone to any UK based customer. The samples we send are approximately 6 x 8 x 2 inches. Please expect 72-96 hour period for your samples to arrive.

How long will it take for my stone to arrive?

Once stone samples have been approved we can process your request within a matter of days. This is all dependent on your choice of product, if it a stocked item we can dispatch immediately once your cleared funds have been received.

VAST QUANTITIES OF STOCK READY TO GO

If your running out of time and require your paving in a hurry we have over 1000 M2 of paving on site and more rolling in off the production line daily.

We have stock ready to ship today so if your current supplier hasn't the stock ready or you need a paving supplier in a hurry simply call us on 0161 612 6311 to give you a quote today or visit us on line at www.yorkstonepavingsupplies.co.uk

"We're your local supplier"

HUTTON

CONSTRUCTION

AFTER COMPLETION ON the project in Sunbury on Thames we were very pleased to then receive a second request for more stone at the clients next major project in the heart of the city of London at Queen Mary's University GO Jones Physics Building.

ATOTAL REFURBISH AND replacement of existing aged reclaimed pavers sized 600 x 900 with an area of over 350

M2 was our clients request. The project was a very specialized one due to the location of the client and the logistical issues that unloading at any time during the day may cause, we delivered approximately 55 pallets to site with 40% of these deliveries on a next day basis.

WE ARE HAPPY to provide all clients with this level of service, its what we do different to the others guys..
